

A Service of Great Lakes Scrip Center®

## Interested in lowering your tuition?

*By purchasing physical gift cards or e-cards for already budgeted expenses or gifts, you can lower your tuition while raising money for your school. It's a win-win and so simple!*

*Follow the three steps below to start the savings!*

1. Visit [shopwithscrip.com](http://shopwithscrip.com) and **click on the “register button” to join the Academy’s already existing program.** When asked, enter our enrollment code [724FD11811641](#).
2. **Set up Presto Pay on your account.** Click on “dashboard” and then “presto pay” to set up the payment method. To avoid high credit card transaction fees, Scrip only accepts checking account information for payments. The web site is extremely secure and uses the highest form of security measures to ensure your information is safe!
3. Once both your account and your payment method are set up (this takes a few days), **you can start shopping!** Although many gift certificates are e-cards and can be printed quickly from your home computer, any physical card orders placed Monday by midnight will be at the school on Thursday and can be picked up in the Development Office. There are many other ways to maximize the program - please feel free to contact Jenna Banaitis for more information or any questions at [jbanaitis@stmaryslongmeadow.org](mailto:jbanaitis@stmaryslongmeadow.org) or 567.0907 x221
